

Trans-Denominational – What does that mean?

Beyond the concepts of all beliefs, there lies a truth for and about each of us. We were created in the image and likeness of the One Supreme Being called by many as God, or as Spirit, Universal Intelligence, Creator, Buddha, Krishna...or another name that has meaning for you. Whatever name is used for that which created all life; we are a part of that whole and whatever spiritual or religious practices exist - we honor the truth and wholeness of all creation; we give voice to the gift of love and life given and the gift of love and life received. I acknowledge and present the belief that as Spiritual Beings having a human experience, each of us has lived a life expressing as best we knew how - done so through our own unique style, sense of perfection in the moment, integrity and authenticity. My trans-denominational ceremonies transcend human belief as I choose to remember and express the truth of your loved one - one with Spirit, one with all people and one with all of Creation.
